A. DEPARTMENT OVERVIEW

The Department of Dentistry at STNM Hospital is a tertiary care centre committed to providing comprehensive, high-quality oral healthcare to the people of Sikkim and neighbouring regions. The department offers a wide range of outpatient services, including preventive, restorative, endodontic, prosthodontic, orthodontic, periodontic, paediatric, and oral surgical care. Specialized management of maxillofacial trauma, oral lesions, and other complex dental conditions is provided through a multidisciplinary approach. The department actively conducts clinical training, Continuing Medical Education (CME) programmes, workshops, and research activities to promote professional development and academic excellence. It also conducts community outreach programmes, oral health awareness campaigns, school dental health initiatives, and training under the National Oral Health Programme (NOHP) to strengthen oral healthcare services across the state. With experienced faculty, modern equipment, and a patient-centred approach, the department is dedicated to excellence in patient care, education, training, and research.
